

ASSOCIATION OF PARENTS

Nurseries/Kindergardens and
After-School Daycare

21/10/2016

**For the attention of Ms K. Georgieva,
Vice-President of the European Commission**

No child left behind

Dear Vice-President Georgieva,

On 11th October on [your Facebook profile](#), you once again reaffirm your support in favour of the rights of the children.

We, as Association of Parents for the Nurseries/Kindergardens and After-School Daycare of the European institutions in Brussels, take the occasion to remind you of the unacceptable situation many parents serving the European institutions experience because they do not have a place for their children in the nurseries and after-school Daycare of the institutions.

A petition was signed and a [letter from U4U](#) was sent to you earlier this year to ask you to take immediate action. Up to now, no reaction was received from your side. May we ask you again if and when you intend to implement the 'No Child Left Behind' Policy as you have complete and decisive powers as Commissioner for budget and human resources? This will be a clear sign that you take action where

you can be really efficient in delivering concrete results and the best way to prove you do care about the well-being of children and the staff of the European institutions.

We would be available to meet you at your best convenience should you want to discuss concrete proposals from the Association of Parents.

Best regards,

Pénélope Vlandas
President

Katia de Sousa
Vice-President

Sylvia Tsvetkova
Vice-President
