

Peter NIKLAS

Short resume : I currently work in DG BUDG, Central Financial Service (helpdesk, trainer). Since I have joined the Commission in 1999, I was mainly occupying "financial" posts in DGs MARE, BUDG, EMPL, in Delegation and DG GROW (internal audit). Languages: DE, EN, FR. Professional background: 11 years of banking business in Austria

Why I forward my candidacy: Because I want to actively participate in discussions on future developments rather than to complain afterwards.

What are my priorities: No reforms for the sake of reform, yes to changes which are justified for efficiency reasons but not because of budgetary constraints.

My commitments (availability...): Objective input on discussions (based on nearly 16 years of experience in several services as AST and since recently as AD), being at the disposal of colleagues at DG level (both to pass on information from U4U or to receive ideas/input on issues of general interest for our staff which should be taken up by the syndics i.e. the U4U team).
