

Maria Perez Salgado

Soy agente contractual desde finales de 2011 en la DG RTD ejerciendo la función de asistente administrativa. He trabajado anteriormente en el sector del turismo unos 20 años.

The situation of contractual agents is paradoxical. Whereas the news staff regulations give the possibility for CAs to be employed for a maximum of six years, the Commission does not seem to review their recruitment, their evaluation and their mobility. U4U actually proposes to build a true policy for the 6000 ACs of the Commission and also of the executive agencies in order to create transparent rules for recruitment, regular evaluations and feedbacks on their performance/competences and conduct, a large internal job market in SYSPER like for officials and, last but not least, open competitions organised every two years at least to enable the best ones to integrate the permanent jobs of the Commission.
