Economist, Dep. Head of Unit, DG AGRI

Member of “Europe Solidaire”

Strong Belief in the power of the Union’s synergies

## **Reasons for my candidacy:**

Defend the European civil service, especially, during the current economic and social conditions. Work for another EU, with a strong Commission, closer to the citizen, promoting new and sustainable common policies.

## **My priorities:**

- Informing staff on the important reform issues and other current matters.
- Listen to the staff’s concerns and find solutions.
- Work to bring the European Commission closer to the civil society as well as to reinforce the Commission’s key role in the determination of the EU’s evolution.
