

# Fuat VARDAR

I have been working as an administrative assistant for more than 12 years. Working currently in DG Ecfm, my work consists in different tasks such as meetings organisation, finance and human resources.

**Why I put forward my candidacy:** Having taken advantage of the services provided by U4U, I want to propose my help for the colleagues in need.

**What are my priorities:** Defending and protecting the colleagues no matter the status or the grade.

**What will be my pet subjects:** I want to fight for the insecure status colleagues such as interimaire, contract agents and temporary agents

**My commitments:** to be available, to listen and finally to propose solutions.
