

How to Ace the EPSO Case Study

Strategies to apprehend the Case Study file and to tackle the writing tasks

*This training session is open to **all the candidates** taking part in an EPSO competition (**except those who are taking part in an internal competition**) as it covers the methodological aspects of the case study. The material that will be used includes recent case study files published by EPSO. This training session will prepare candidates effectively for the various open competitions. **After the training session, candidates will be able to apply the methodological approach to any given case study file.** This training session is tailored to the needs of those participating in the standard selection procedure, as the test format and requirements significantly vary from those of the internal selection process.*

December 5

9:00 am to 12:15 pm
Break: 15 minutes

**Everything you need to know
about the case study**

- Objectives
- Format of the test

Methodological approach

- General and detailed advice
- How to analyze the documents
- Dealing with different types of assignments

**Final tips
and question time**
